

PREMIER'S SPORTING CHALLENGE

PREMIER'S SPORTING CHALLENGE

There is an opportunity for students to be involved in the Premier's Sporting Challenge program, which aims to develop sport leaders across the school. Through various workshops with sporting organisations, students learn how to conduct sporting activities and how to manage groups. Students get to run activities with our feeder Primary Schools and are encouraged to get involved in officiating at community sporting events. At the conclusion of the program, there is a fully funded T5 PSC Camp to complement the work the students have been doing and to celebrate their success.
